BY-LAWS OF THE TOWNSHIP OF RALEIGH.

No. 488—A BY-LAW

To appoint an Arbitrator in the matter of appeal by the Corporation of the Township of Tilbury East against the assessment of W. G. McGeorge, P.L.S., to provide for enlarging the outlet in Raleigh of Government Drain No. 1 of Tilbury East

WHEREAS the Corporation of the Township of Tilbury East have appealed against the assessment of W. G. McGeorge, P.L.S., to provide for enlarging and improving the outlet of No. 1 Government Drain of the said Township of Tilbury East, on the grounds that the portion of the assessment levied in the said Township of Tilbury East is too high, and for other reasons: And Whereas the said Corporation of the Township of Tilbury East have appointed Wm. Douglas, Esq., as an Arbitrator in their behalf in said matter.

Be it therefore enacted by the Municipal Council of the Corporation of the said Township of Raleigh, under and by virtue of the Consolidated Municipal Act of 1883, and amendments thereto.

1st. That Robert Fleck, of the Township of Moore, in the County of Lambton, be and he is hereby appointed arbitrator by and on behalf of the said Township of Raleigh, to hear, arbitrate and finally determine all matters so in dispute between this Corporation and the said Corporation of the Township of Tilbury East in reference to the said assessment for enlarging and improving the outlet in Raleigh of the said Government Drain No. 1 of the said Township of Tilbury East.

No. 489—A BY-LAW

To appoint an Arbitrator in the matter of the Hickey Drain, in the Township of Tilbury East.

WHEREAS the Municipal Council of the Corporation of Tilbury East has served upon the Head of this Municipality a copy of report, plans and estimates for the improvement of the Hickey Drain in the said Township of Tilbury East; And Whereas the said drain finds an outlet by the Finn, Cooper and No. 2 Government drains to Jenette's Creek; And Whereas this Council are of opinion that the said plans and estimates do not carry the waters of the said Hickey drain to a sufficient outlet, the present capacity of Government Drain No. 2 being insufficient to carry off the increased volume of water which will find an outlet therein, in consequence of the said works; that the assessment on lands and roads in Raleigh is excessive, and for other reasons.

Be it therefore enacted by the Municipal Council of the Corporation of the Township of Raleigh, in the County of Kent aforesaid, under and by virtue of the Consolidated Municipal Act of 1883, and amendments thereto:

1st. That Robert Fleck, Esquire, of the Township of Moore, in the County of Lambton, be and he is hereby nominated and appointed an Arbitrator by and for the said Corporation of the Township of Raleigh, to hear, arbitrate upon and determine all matters so in dispute between the said Corporations of Tilbury East and Raleigh relative to the improvement of the said Hickey drain and the outlet therefor.

2nd. That Matthew Wilson be and he is hereby appointed Attorney and Council on behalf of the said Township of Raleigh in the matter of the said arbitration.

No. 491—A BY-LAW

To provide for draining part of the Township of Raleigh by the repairing of the Pike Drainage Works, and for borrowing on the credit of the Municipality the sum of \$3,806 for completing the same.

WHEREAS on the 30th day of October, A. D. 1882, the Municipal Council of the Township of Raleigh, in the County of Kent, did pass a By-law numbered 387 $\frac{1}{2}$, and entitled "A By-law to provide for draining part of the Township of Raleigh by the construction of the Pike Drainage Works, and for borrowing on the credit of the Municipality the sum of \$15,600 for completing the same." And Whereas on the Fifteenth day of January, A. D. 1884, W. G. McGeorge, P. L. S., the Engineer appointed therefor, did report that the said Drainage Works were completed in terms of the said By-law. And Whereas the said report was adopted by the Council. And Whereas the said By-law provides for the maintenance, preservation and repair of the said works at the expense of the lands and roads within the embankment originally assessed therefor. And Whereas complaint has been made that the works are in need of repair. And Whereas thereupon the said Council procured an examination to be made by John C. Macnabb, P. L. S., being a person competent for such purpose, of the said Drainage Works proposed to be repaired, and has also procured plans and estimates of the work proposed to be made by the said John C. Macnabb, and the report of the said John C. Macnabb in respect thereof, being as follows :

To the Municipal Council of the Township of Raleigh :

GENTLEMEN,—In accordance with your instructions I have made an examination of the Pike Drainage Works, and have prepared plans, estimates and specifications of the necessary repairs, and beg to make the following report thereon:—The embankment throughout, as shown by the accompanying profile, is in very bad repair, and the subsidence has been so great that little if any protection is afforded to the district embraced in the scheme. A bad feature in the construction of the embankment is the number of logs, etc., that have been covered up in it. The removal of all such is of vital importance to the successful working of the scheme, and should be insisted upon. To place the bank in thorough repair it will be necessary to raise it to a level of seven feet above the watermark, as shown in the drawings. This height will give a foot for settlement, which will be sufficient. The contemplated work can be done to greater advantage by a dredge, and should extend from Station 0 on the River Road, following the line of the old embankment to Station 175, on the line between the 3rd & 4th Concessions. At the junction of the Town line with Jenette's Creek the acute angled turn should be rounded out, as staked off upon the ground. The cross section of the finished work should give a bottom width of twenty feet, with side slopes of one foot horizontal to one foot vertical. Care should be exercised to consolidate the material as it is delivered on the bank from the dipper, so that the work, on completion, may be compact and firm, and free from spaces in its formation. It would be advisable to appoint a Clerk of Works on the contract, to insure the terms of the contract being carried out. The flood watergate at the Railway is beyond repair, and should be replaced by one as shown on the drawings, at an estimated cost of \$600.00. The estimated cost of the whole work is \$3806.00.—I have the honor to be, etc.

JOHN C. MACNABB, Engineer.

And Whereas the said Council are of opinion that the work therein reported on is necessary and desirable.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of the Municipal Act and amendments thereto.

1st. That the said report, plans and estimates of the said Engineer be adopted, and the said works be made and constructed in accordance therewith.

2nd. That the Reeve of the said Township of Raleigh may borrow on the credit of the Corporation of the said Township, the sum of three thousand eight hundred and six dollars, being the funds necessary for the work, together with interest at the rate of five per centum per annum, payable annually, and may issue Debentures of the Corporation for that amount and interest, in sums of not less than one hundred dollars each, payable in twenty years from the date thereof, in twenty consecutive annual instalments, to be of such amounts that the aggregate amount payable for principal and interest in any year shall be equal (as nearly as may be) to the amount payable for principal and interest during each of the other years of such period of twenty years; such Debentures to be made payable at the Branch of the Canadian Bank of Commerce in the Town of Chatham.

3rd. That for the purpose of paying the sum of three thousand seven hundred and two 74/100 dollars, being the amount charged pro rata on the assessment contained in the above recited By-law against the said lands so to be benefitted as aforesaid, other than roads belonging to the Municipality, and to cover interest thereon for twenty years at the rate of five per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied (in the same manner and at the same time as taxes are levied) upon the undermentioned lots and parts of lots; and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively,

shall be divided into twenty equal parts, and one such part shall be assessed and levied as aforesaid in each year for twenty years after the final passing of this By-law, during which the said Debentures have to run.

Schedule of assessment on Lands and roads in the Township of Raleigh, and within the said embankment, for the repair of the Pike Drainage Works, being based upon and in the same relative proportion as the original assessment set forth in the above recited By-law No. 387½.

No. 498—A BY-LAW

To provide for draining part of the Township of Raleigh by the construction of a new outlet for Government Drain No. 1 of Tilbury East, and for borrowing on the credit of the Municipality the sum of \$1609.93 for completing the same.

WHEREAS the Municipal Council of the Township of Tilbury East, in the County of Kent, has served the head of the Corporation of the Township of Raleigh with copies of report, plans and estimates made by Augustine McDonell, P. L.S., for diverting the waters of Government Drain No. 1 of Tilbury East into a new channel, thereby cutting off the waters of said Government Drain from the lands in Raleigh And whereas the said Augustine McDonell has assessed certain lands and roads in the said Township of Raleigh for benefit and for outlet in consequence of such cut-off, in the sum of \$1847.43. And whereas the Council of Raleigh duly served a notice of appeal against the said assessment. And whereas, in consequence of such appeal, it was agreed by a Joint Committee appointed by the respective Councils that the said assessment on Raleigh be reduced ten per cent., and the same to be added to the assessment on Tilbury East, pro rata. And whereas the said agreement was duly ratified by the respective Councils, so that the total sum to be raised in the Township of Raleigh for such purpose shall be one thousand six hundred and sixty-two 67/100 dollars, instead of \$1847.45 being the amount originally assessed therefor. And whereas it has been shown that all the formalities required by the provisions of "The Municipal Act" have been duly complied with. And whereas the said Council are of opinion that the drainage of the locality is desirable.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of "The Municipal Act" and amendments thereto.

1st. That the said report, plans and estimates of the said Engineer be adopted, and the said works be made and constructed in accordance therewith.

2nd. That the Reeve of the said Township of Raleigh may borrow on the credit of the Corporation of the said Township the sum of one thousand six hundred and nine 93/100 dollars, being the funds necessary for the work, together with interest at the rate of five per centum per annum, payable annually, and may issue debentures of the Corporation for that amount and interest, in sums of not less than one hundred dollars each, payable in five years from the date on which this By-law takes effect, in five consecutive annual instalments, to be of such amounts that the aggregate amount payable for principal and interest in any year, shall be equal (as nearly as may be) to the amount payable for principal and interest during each of the other years of such period of five years; such Debentures to be made payable at the Branch of the Canadian Bank of Commerce, in the Town of Chatham.

3rd. That for the purpose of paying the sum of one thousand six hundred and nine 93/100 dollars, being the amount charged against the said lands so to be benefitted as aforesaid, other than roads belonging to the municipality, and to cover interest thereon for five years at the rate of five per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied (in the same manner and at the same time as taxes are levied), upon the undermentioned lots and parts of lots; and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively, shall be divided into five equal parts, and one such part shall

be assessed and levied as aforesaid, in each year for five years, after the final passing of this By-law during which the said Debentures have to run.

Schedule of Assessment on Lands and Roads in the Township of Raleigh, with the amounts assessed against each lot or part of lot and road for the proportion which each parcel should bear of the cost of constructing a new outlet for No. 1 Government Drain of Tilbury East, thereby cutting off all the waters of the said Number One Drain from entering on the low-lying lands in the Township of Raleigh.

NO. 499 (AS AMENDED BY BY-LAW NO. 504)—A BY-LAW

To provide for draining part of the Township of Raleigh by the repairing and enlarging of the Hooper King Drain, and for borrowing on the credit of the Municipality the sum of \$1678.35 for completing the same.

WHEREAS on the 11th day of September, A.D. 1879, the Municipal Council of the Township of Raleigh, in the County of Kent, did pass a By-law numbered 339, and entitled "A By-law to provide for draining part of the Township of Raleigh by the construction of the Hooper King Drain, and for borrowing on the credit of the Municipality the sum of \$1,350 for completing the same." And Whereas the said drain was completed in terms of the said By-law. And Whereas complaint has been made that the said drain has become filled up, and that a larger outlet is necessary to make the drain effective, and fully to carry out the intentions of the original By-law. And Whereas, for these and other good and sufficient reasons, the said Council procured an examination to be made by John C. Macnabb, P. L. S., being a person competent for such purpose, of the said Drain proposed to be repaired and enlarged, and has also procured plans and estimates of the work to be made by the said J. C. Macnabb, and an assessment to be made by him of the real property to be benefitted by such repairs and enlargement, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such repairs and enlargement by every road and lot or portion of lot; the said assessment so made being the assessment hereinafter in this By-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described; and the report of the said John C. Macnabb in respect thereof and of the said proposed works, being as follows:

To the Municipal Council of the Township of Raleigh:

Chatham, 6th August, 1888.

GENTLEMEN,—In accordance with your instructions I have made an examination of the Hooper King Drain, and beg to make the following report thereon. I found the drain in a bad state of repair, and at the outlet where every facility should be given for the free discharge of the water, I found the drain very shallow and choked with vegetable growth, sediment, etc., and altogether too small for the discharge of the amount of water that collects at this point. To remedy this state of affairs, and enable the drain to do the work required of it, it will be necessary to enlarge the drain for the lengths and to the widths as shown on the profile, at an estimated cost of Two Thousand One Hundred and Eleven Dollars and Forty Cents, (\$2111.40), made up of the following items:

This amount I have distributed over the lands and roads benefitted, by an assessment in proportion to the benefit derived from the said work as per annexed Schedule of assessment.—I have the honor to remain, Gentlemen, your obdt Servant,

(Sg'd),

JOHN C. MACNABB, Engineer.

And Whereas the said Council are of opinion that the drainage of the locality is desirable.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of the "Municipal Act and amendments thereto."

1st. That the said report, plans and estimates of the said Engineer be adopted, and the said works be made and constructed in accordance therewith.

2nd. That the Reeve of the said Township of Raleigh may borrow on the credit of the Corporation of the said Township, the sum of one thousand seven hundred and eighty six 44/100 dollars, being the funds necessary for the work, together with interest at the rate of five per centum per annum, payable annually, and may issue Debentures of the Corporation for that amount and interest, in sums of not less than one hundred dollars each, payable in five years from the date thereof, in five consecutive annual instalments, to be of such amounts that the aggregate amount payable for principal and interest in any year shall be equal (as nearly as may be) to the amount payable for principal and interest during each of the other years of such period of five years; such Debentures to be made payable at the Branch of the Canadian Bank of Commerce in the Town of Chatham.

3rd. That for the purpose of paying the sum of one thousand seven hundred and eighty six 44/100 dollars, being the amount charged against the said lands so to be benefitted as aforesaid, other than roads belonging to the Municipality, and to cover interest thereon for five years at the rate of five per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied (in the same manner and at the same time as taxes are levied) upon the undermentioned lots and parts of lots; and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively, shall be divided into five equal parts, and one such part shall be assessed and levied as aforesaid in each year for five years after the final passing of this By-law, during which the said Debentures have to run.

Schedule of assessment on Lands and roads in the Township of Raleigh, for the repairing and enlargement of the Hooper King Drain, as contained in the Engineer's Report hereinbefore set forth, (as amended by the Judge.)

No. 500—A BY-LAW

To provide for draining part of the Township of Raleigh by the repairing of part of the Gilhuly and Doane Drains, and for levying the sum of \$220 for completing the same.

WHEREAS on the twenty-sixth day of August, in the year A. D. 1875, the Municipal Council of the said Township of Raleigh did pass a By-law numbered 271, and known as the "Gilhuly Drain By-law." And Whereas on the Fifteenth day of November, A. D. 1876, the said Municipal Council did pass a By-law numbered 295, and known as the "Doane Drain By-law." And whereas the said Drains were completed in terms of the said By-laws. And whereas a branch of the said Gilhuly Drain, being the outlet of the said Doane Drain, has been filled up so as to be unable to carry off the waters which drain into it, and so causes injury to lands along its course, and also to lands assessed for the Doane Drain finding an outlet therein.

And whereas thereupon the said Council procured an examination to be made by John C. Macnabb, P. L. S., being a person competent for such purpose, of the said drain proposed to be repaired, and has also procured plans and estimates of the work to be made by the said John C. Macnabb, and an assessment to be made by him of the real property to be benefited by such repairing, stating as nearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such repairing by each lot or portion of lot, the said assessment so made being the assessment hereinafter in this By-law enacted to be assessed and levied upon the lots and parts of lots herein-after in that behalf specially set forth and described; and the report of the said John C. Macnabb in respect thereof and of the said proposed works being as follows:

To the Municipal Council of the Township of Raleigh :

Chatham, 24th August, 1888.

GENTLEMEN,—In accordance with your instructions I have made an examination of the Gilhuly Drain, Doane Drain, and Gilhuly Branch Drain, and beg to make the following report thereon: I cannot say that the Gilhuly Drain is in repair, as in several places the banks have given and fallen into the channel, lessening the waterway to a great extent. If the drain is not repaired this year it will certainly require to be cleaned out in the next year. I have not prepared plans of the work necessary to be done as I have been given to understand that the ratepayers along the drain are decidedly opposed to any work being gone on with this year. On the Doane Drain and Gilhuly Branch I have prepared profiles showing the necessary work to be done, and made an estimate of the cost, which I have distributed over the lands and roads benefited in proportion to the benefit derived from the work, as per annexed Schedule of Assessment :

And whereas the said Council are of opinion that the drainage of the locality described is desirable.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of "The Municipal Act" and amendments thereto.

1st. That the said report, plans and estimates of the said Engineer be adopted, and the said works be made and constructed in accordance therewith.

2d. That for the purpose of paying the sum of two hundred and twenty dollars, being the amount charged against the said lands so to be benefitted as aforesaid, other than roads belonging to the municipality, the following special rates, over and above all other rates, shall be assessed and levied (in the same manner and at the same time as taxes are levied), upon the undermentioned lots and parts of lots in the year 1888.

No. 501—A BY-LAW

To provide for draining part of the Township of Raleigh by the repairing of the Raleigh Plains Drain, and for levying the sum of \$181.49 for completing the same.

WHEREAS complaint has been made that the Raleigh Plains Drain has become filled up and obstructed in certain places, and that certain repairs are necessary to maintain and preserve the drain in an effective condition. And Whereas thereupon the said Council procured an examination to be made by John C. Macnabb, P. L. S., being a person competent for such purpose, of the said drain proposed to be repaired, and has also procured plans and estimates of the work to be made by the said John C. Macnabb, and an assessment to be made by him of the real property to be benefitted by such repairs, stating as nearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such repairs by every road and lot or portion of lot; the said assessment so made, being the assessment hereinafter in this By-law enacted, to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said John C. Macnabb in respect thereof, and of the said proposed work, being as follows:

To the Municipal Council of the Township of Raleigh.

Chatham, 24th August, 1888.

GENTLEMEN,—In accordance with your instructions I have made an examination of that part of the Raleigh Plains Drain, across lots Nos. 8, 9 and 10, and beg to make the following report thereon. For a distance of ninety-three rods, as shown on the accompanying plan, the drain is badly in need of repair, as at this point sediment has collected and formed bars and obstructions as shewn. I estimate the cost of the work at \$330, which I have distributed over the lands and roads benefitted as per annexed Schedule of Assessment. I have the honor to be, &c.

(Sg'd),

JOHN C. MACNABB, Engineer.

And Whereas the said Council are of opinion that the drainage of the locality described is desirable.

Be it therefore enacted by the said Municipal Council of the said Township of Raleigh, pursuant to the provisions of the Municipal Act and amendments thereto.

1st. That the said report, plans and estimates of the said Engineer be adopted, and the said works be made and constructed in accordance therewith.

2d. That for the purpose of paying the sum of two hundred and ninety-one 49/100 dollars, being the amount charged against the said lands so to be benefitted as aforesaid, other than roads belonging to the Municipality, the following special rates, over and above all other rates, shall be assessed and levied (in the same manner and at the same time as taxes are levied), upon the undermentioned lots and parts of lots; and the amount of the said special rates assessed as aforesaid against each lot or part of lot respectively, shall be levied in the year 1888.

Schedule of assessment on Lands and Roads in the Township of Raleigh for the repairing of part of the Raleigh Plains Drain, as contained in the Engineer's Report here-inbefore set forth, and which is part thereof.

No. 502—A BY-LAW

To provide for draining part of the Township of Raleigh by the repairing of the Larbee Drain, and for levying the sum of \$185.18 for completing the same.

Provisionally adopted the 27th day of August, 1888.

WHEREAS on the 23rd day of April, A. D. 1883, the Municipal Council of the said Township of Raleigh did pass a By-law numbered 395, and known as the "Larbee Drain By-law." And Whereas complaint has been made that the said drain is obstructed and in need of repair. And Whereas thereupon the said Council procured an examination to be made by John C. Macnabb, P.L.S., being a person competent for such purpose, of the said drain proposed to be repaired, and has also procured plans and estimates of the work to be made by the said John C. Macnabb, and an assessment to be made by him of the real property to be benefitted by such repairing, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such repairing by every road and lot or portion of lot, the said assessment so made being the assessment hereinafter in this By-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described; and the report of the said John C. Macnabb in respect thereof and of the said proposed work being as follows:

To the Municipal Council of the Township of Raleigh :

Chatham, 17th August, 1888.

GENTLEMEN,—In accordance with your instructions I have made an examination of the Larbee Drain, with a view to repairing same, and would beg to report thereon as follows :—It will be necessary to clean out and repair the drain to the extent as shown on the profile, and also replace culvert at the junction of the 13th and 14th Concession road. In my opinion the drain should be carried on along the westerly side of the 6 and 7 side road, for a distance of about 100 rods, to a creek that would give the waters a proper outlet, which is necessary, as the drain now is lower than that into which it empties. This extension would not demand a very great outlay, as there is a drain now along the proposed route, which only requires to be enlarged somewhat. I may also mention that the road between Lots 6 and 7 in the northerly half of the 13th Concession, is too narrow, and as all the space available is required for the passage of vehicles the owners of the adjoining lands should be asked to put their road fences in the proper positions. I have made my estimate on the basis of the extension being adopted. The estimated amount of repairs, viz , \$309—should be distributed pro rata over the lands and roads assessed for the original construction of the drain.

No. 503—A BY-LAW

To appoint and confirm the appointment of Deputy Returning Officers, and to provide Polling places for holding Elections during the year 1889; also, to appoint a place for holding Nominations therefor.

BE IT ENACTED by the Municipal Council of the Corporation of the Township of Raleigh, under and by virtue of "The Municipal Act" and amendments thereto.

1. That in case a poll be demanded by any candidate or elector at the nomination of candidates for the offices of Reeve, Deputy-Reeves and Councillors of the Municipality during the year 1889, the election shall take place and be held in the several polling subdivisions of the Municipality, as provided by law, and at the following places, viz:—In Polling Subdivision No. 1, at the School house in Union School Section No. 6. No. 2, at South School house in S. S. No. 4. No. 3, at Union Hall, on Lot 19 in 6th Con. No. 4, at the Division Court Hall, in the Village of Merlin. No. 5, at the house of Jas. Gilhuly, in the Village of Buxton. No. 6, at the Township Hall. No. 7, at the Grange Hall, on Lot 22 in 12th Con. No. 8, at the house of Henry Pardo, Lot 142, Talbot road.

2nd. That the following persons be and they are hereby appointed Deputy Returning Officers to hold any Municipal election required to take place in the several Polling subdivisions as aforesaid during the year 1889:—In Polling subdivision No. 1, Robert Wil-

liams. In Polling subdivision No. 2, Garrison Shadd. In Polling subdivision No. 3, James Rhodes. In Polling subdivision No. 4, Jas. Phelan. In Polling subdivision No. 5, D. C. Echlin. In Polling subdivision No. 6, S. F. White. In Polling subdivision No. 7, Oliver J. Fuce. In Polling subdivision No. 8, Wheeler DeClute.

3rd. And it is further enacted, that the public meeting required to take place for the purpose of nominating candidates as aforesaid, at noon on the last Monday of December, 1888, shall take place and be held at the Township Hall in the said Township of Raleigh, on Monday the 31st day of December, A.D. 1888.

No. 504—A BY-LAW, &c.

(See No. 499.)

No. 505—A BY-LAW

To regulate the keeping and running at large of Dogs.

WHEREAS it is expedient to make better provision for regulating the keeping of dogs; for restraining and regulating the running at large of dogs; for imposing a tax on the owners, possessors or harborers of dogs; to provide for their destruction in certain cases, and to protect the public from injury therefrom.

Be it therefore enacted by the Municipal Council of the Corporation of the Township of Raleigh, in the County of Kent, by authority and subject to the provisions and restrictions contained in Chapters 184, 214 and 221, R. S. O., and amendments thereto.

1st. That from and after the passing of this By-law the owner or harbinger of every dog or bitch within the limits of the Township of Raleigh, shall cause the same to be registered at the office of the Township Clerk or Assessor, and shall cause a collar to be worn round the neck of each, to which shall be attached a metallic plate having stamped thereon a number corresponding with the number under which said dog or bitch is registered, and the year for which such registration has been made; which shall be supplied by the said Clerk or Assessor at the time of registration on payment of the sum of one dollar for every dog, and two dollars for every bitch so registered by them; and such registration shall be renewed annually on or before the First day of May in each and every year.

2nd. It shall be the duty of the Assessor in each and every year to procure from the Township Clerk a sufficient number of the said metallic plates, and to collect and pay over to the Treasurer of this Corporation the said sum of one dollar for every dog, and two dollars for every bitch, on or before the First day of May in each year; and he is hereby authorized and required to prosecute in the name of the Corporation every owner or harbinger of any dog or bitch who has failed to register the same as hereinbefore provided, and he shall report to the Clerk the names and numbers of all registrations so made by him, who shall from time to time report to the Council.

3rd. It shall be lawful for any person to destroy any dog or bitch found running at large without the collar and registration plate aforesaid, provided nevertheless, that any dog or bitch found chasing or worrying sheep, or attacking any horse or person on the highway, or running at large at night; may be lawfully destroyed forthwith, whether registered or not, and the owner or harbinger of such dog shall be liable for all damages and costs caused thereby.

Provided always, and notwithstanding anything to the contrary in this By-law contained, any dog or bitch duly registered and having on its collar the metallic plate as hereinbefore provided, found for the first time worrying sheep; and in consequence of registration, the owner is held liable for injury to sheep; the Council may, upon evidence as to the destruction of such dog, pay two-thirds value of the sheep for which such owner is held liable.

4th. Any person or persons found guilty of any infraction or violation of this By-law, on the oath or affirmation of a credible witness, shall, in the discretion of any Justice of the Peace having jurisdiction, forfeit and pay a penalty not exceeding Twenty Dollars and costs, nor less than Two Dollars, to be levied by distress and sale of goods and chattels, and if no sufficient distress can be found on which to levy, it shall and may be lawful for the convicting or other Justice to commit the offender to jail for any period not exceeding twenty days, or, until the fine and costs of committal shall be paid, one-half of such fine to be paid to the informant, and the other half to the Treasurer of the Municipality, and such Justice shall make a return in each case to the Clerk of the municipality, whose duty it shall be, to enter the same in a book to be kept for that purpose.

5th. The term "running at large," used in this By-law, shall be construed as including all private or public property other than the property held by the owner of the dog or bitch.

6th. All By-laws or parts of By-laws heretofore passed, inconsistent with this By-law are hereby repealed.

Passed in open Council this Twenty-first day of January, A. D. 1889.
